# COMPLETING UKPQ 360:

## PROFESSIONAL DEVELOPMENT TOOL

There are two parts to the UKPQ 360.

The first is a full personality questionnaire (the UKPQ) completed only by YOU. This is normed against around 2000 SLT members in UK schools, giving you a good basis upon which to compare your preferred approach to leadership with a statistically-valid group of your peers.

The second is a much shorter survey of up to five of your colleagues/staff. You decide who should complete this, and they rate you on the same dimensions as you have just rated yourself using UKPQ. In addition, they will anonymously try to identify your strengths, and areas they feel you could develop.

Both steps are completed on-line. Part one will take you about 20 minutes. Part two will take your

colleagues around 5-10 minutes each to complete. Both parts require an internet connection and you will be given a login ID and password with which to complete UKPQ, as well as one each for your (up to) five colleagues and staff to complete UKPQ 360.

The report will therefore summarise:

- 1/ How you try to behave as a leader, compared to SLTs generally
- 2/ How your staff and colleagues perceive that you behave – and whether (from their perspective) this is successful.
- 3/ How you could improve and your current strengths to maintain and develop.

To choose the five staff (up to five) that complete the UKPQ 360, you should choose colleagues who have direct experience of your style and behaviour at school. They should be honest, and be assured that their name is NOT recorded. They should try to be constructive and developmental in what they say. They complete the UKPQ 360 at <http://www.ukpq.co.uk/ukpq360.htm>

All feedback is read and evaluated before it is included in your feedback report to ensure it is constructive and helpful.
